

4 out of 5 car seats are used incorrectly.

CHILD SAFETY SEAT ALERT

*Did you know that over 90% of car seats
are used incorrectly?*

MISTAKES COULD BE DANGEROUS!

I couldn't help but notice....

that your child's car seat may not be installed/used correctly:

- Infant seat facing the wrong direction
(very dangerous to the neck and spinal cord)
- Car seat in front of airbag
- Harness straps may be in the wrong slot
- Carrying handle may be in the wrong position for travel
- Seat belt routed through the wrong belt path
- May not be installed in an approved LATCH position
- Other _____

Questions?

*Please call one of our inspection stations (see reverse) to
schedule your car seat check!*

There is no charge for this service; however, donations are greatly appreciated.

ALWAYS read your car seat instructions
AND vehicle owner's manual.
